Date: 02nd August 2025

Venue: Shankara Institute of Technology (Raipur)

Attended by: Hema Sinha, Venkata Suresh Telu, Rahmi Ranjan Sahu

Startup Chhattisgarh attended Bharat Brands Conclave held at Babylon Capitol Raipur

Startup Chhattisgarh recently participated in the Bharat Conclave, hosted by Headstart at Babylon Capital. The event brought together a vibrant mix of B2C startups, investors, and ecosystem enablers, creating a dynamic platform for innovation, networking, and knowledge exchange. The conclave featured a series of startup pitches, where founders showcased their consumer-focused solutions, ranging from tech-enabled services to lifestyle products.

The pitching sessions were followed by insightful interactions with investors, who shared valuable guidance on product-market fit, scaling strategies, and investment readiness. These discussions offered startups a clearer understanding of investor expectations and market dynamics. For Startup Chhattisgarh, the conclave provided a unique opportunity to observe emerging trends, understand the challenges faced by early-stage ventures, and assess the evolving startup landscape in the state.

Beyond the formal sessions, the event facilitated meaningful networking. Startup Chhattisgarh engaged with multiple investors and startup founders, exchanging ideas and exploring potential collaborations. These interactions helped strengthen connections within the ecosystem and offered a firsthand view of the entrepreneurial energy driving innovation in Chhattisgarh.

The conclave also served as a valuable benchmarking experience, allowing Startup Chhattisgarh to evaluate the maturity and diversity of startups in the region. It reaffirmed the importance of such platforms in fostering growth, building investor confidence, and encouraging institutional support.

Overall, Bharat Conclave was a significant step toward deepening ecosystem engagement, and Startup Chhattisgarh's participation highlighted its commitment to supporting and scaling the state's entrepreneurial ambitions.
