1. Overview of Boiler Services

This software solution is designed to streamline the management of industrial and commercial boiler services. It aims to improve safety, efficiency, and compliance by digitizing workflows and automating key functions. The system will provide real-time monitoring, maintenance scheduling, and detailed reporting to ensure the continuous and optimal operation of boiler systems.

Purpose of Boiler Renewal under Boiler Act: Boiler registration is valid for 12 months and must be renewed to ensure continued compliance with safety regulations and legal requirements. This renewal process verifies proper inspections and certifications, which are essential for maintaining efficient, safe, and insured operations.

2. How to Get Started

Enter the application URL (<https://oneclick.cgstate.gov.in>) in the browser and the page navigates to the Home page of the SWS application.

3. How to Login

The user to login with the credentials into the application in the home and login page as a **Figure 3.1 & 3.2**.

4. Dashboard

After a successful login, the page navigates to the Investor Dashboard (refer to **Fig. 4.1**), which includes step-by-step instructions for applying services.

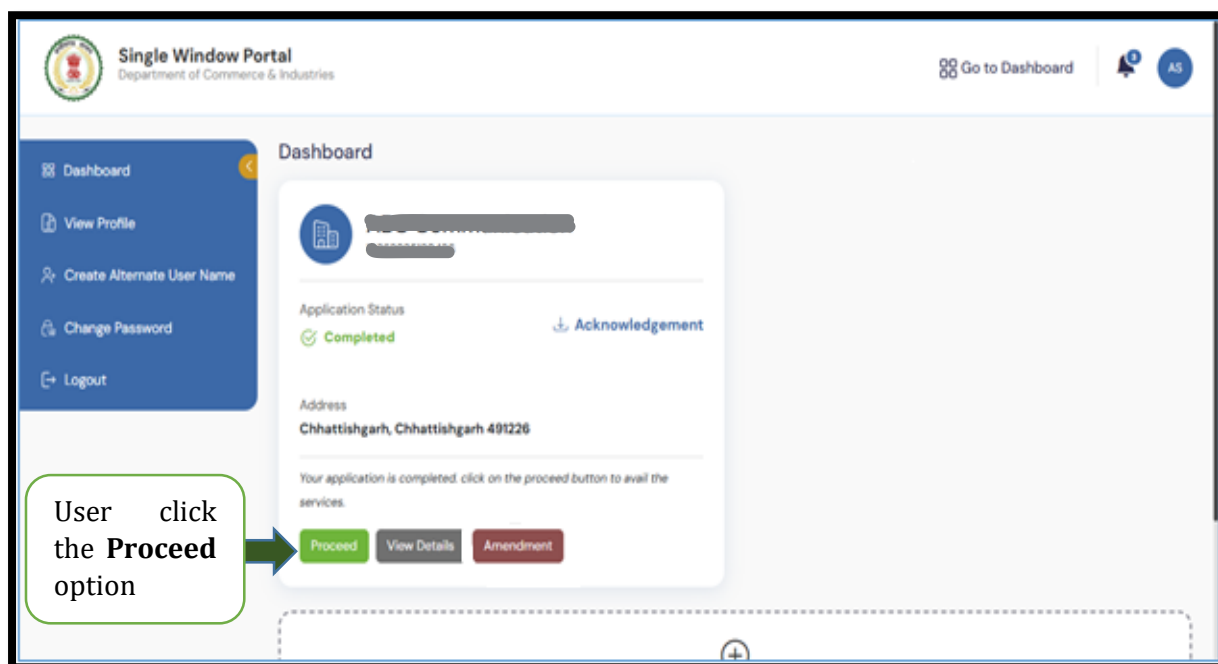

Figure 4.1: Dashboard Screen

4.1. Renewal of Boiler

On the services page, refer to **Figure 4.2**, which displays all Boiler Inspectorate. In the Application section, select the option to apply for Renewal of Boiler.

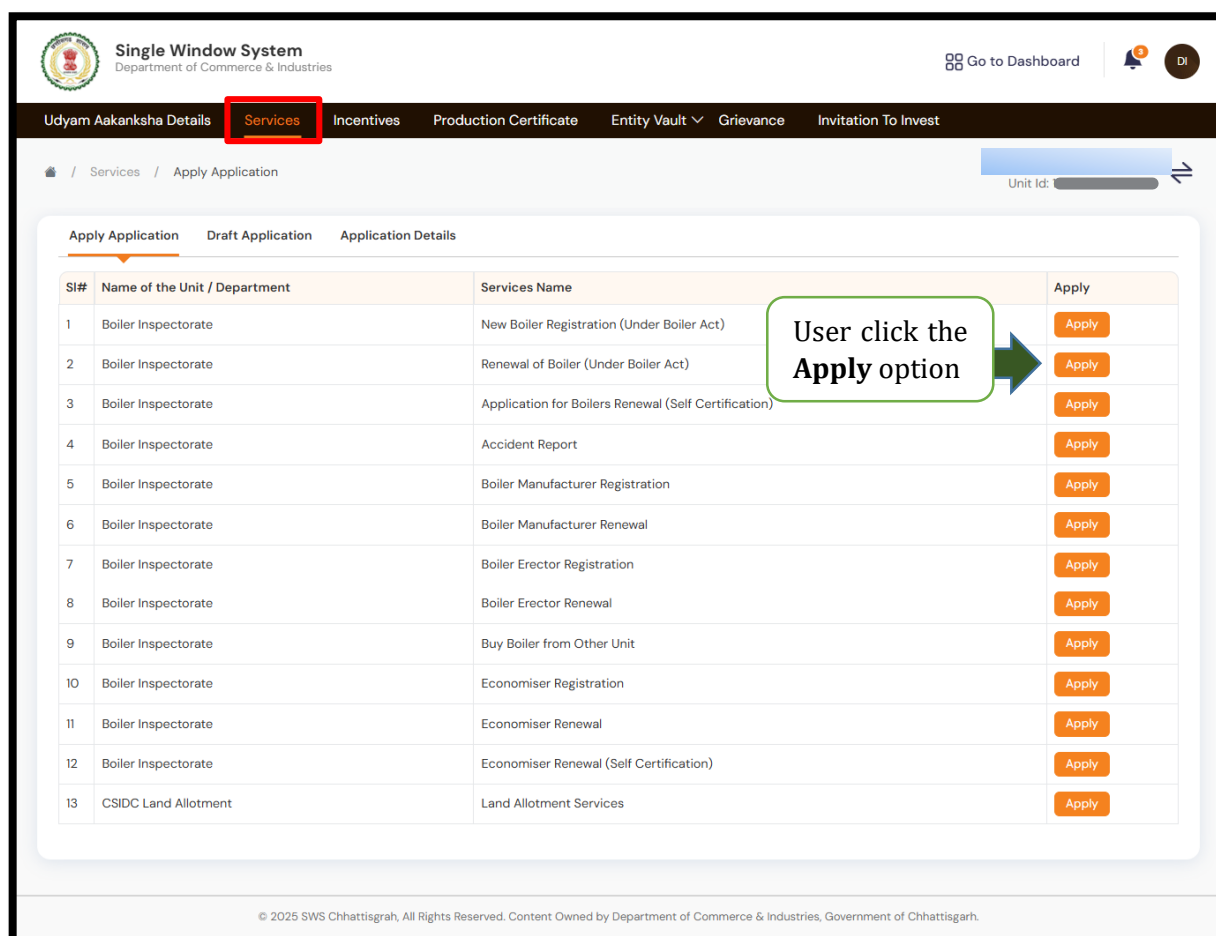

Figure 4.2: Services Screen

After clicking the apply option, a Boiler Renewal Services screen appears in the application, as shown in **Figure 4.3**.

4.1.1. User enter the Boiler Details

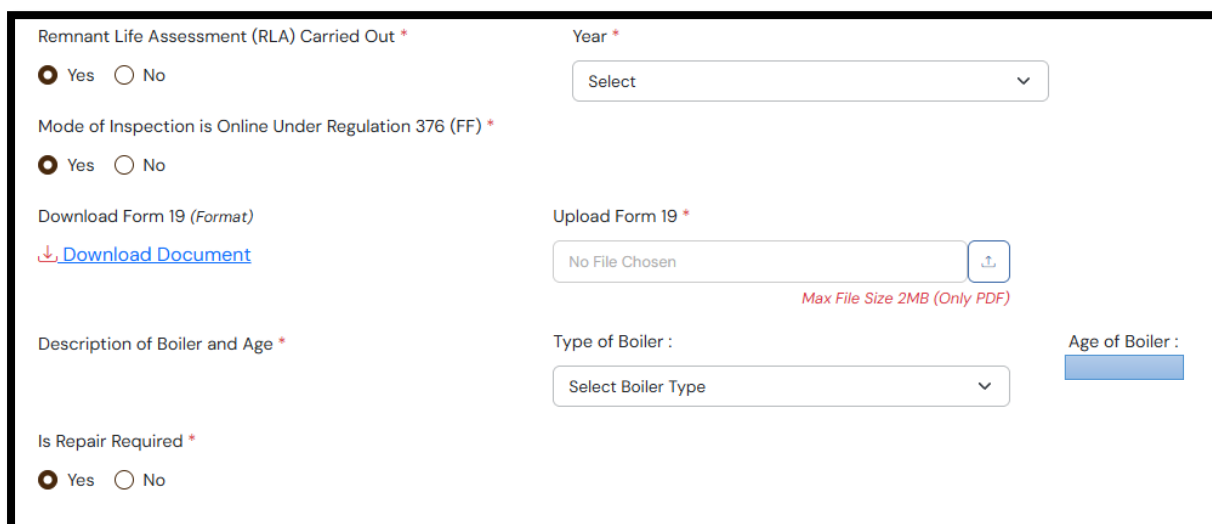

- **Registered Number of Boiler:** Enter the unique registration number for your boiler.
- **Type of Boiler:** Select the boiler type from the dropdown menu.
- **Max Continuous Evaporation:** Enter the maximum continuous evaporation rate.
- Select **Yes** or **No** for Small Industry Boiler.
- Enter the Effective Heating Surface Area.
- **Working Pressure (Kg / Cm²):** Enter the working pressure.
- **Place of Manufacture:** State where the boiler was manufactured.
- **Year of Manufacture:** Enter the year the boiler was made.
- **Date of Inspection Desirable:** Choose a preferred date for the inspection.

The screenshot displays the 'Single Window System' interface for 'Boiler Renewal'. The top navigation bar includes links for 'Udyam Akanksha Details', 'Services', 'Incentives', 'Production Certificate', 'Entity Vault', 'Grievance', and 'Invitation To Invest'. The main content area is titled 'Application for Boiler Renewal' and contains a form for 'Boiler Details'. The form includes fields for 'Registered Number of Boiler', 'Type of Boiler' (dropdown), 'Max Continuous Evaporation (TPH)', 'Small Industry Boiler' (radio buttons for Yes/No), 'Heating Surface Area/Rating (in M²)', 'Working Pressure (Kg / Cm²)', 'Place of Manufacture', 'Year of Manufacture', and 'Date of Inspection Desirable'. A green arrow points to the 'Boiler Details' tab, which is highlighted. A note at the top right indicates that fields marked with an asterisk (*) are mandatory.

Figure 4.3: Boiler Renewal – Boiler Details

- The user must indicate whether a **Remnant Life Assessment (RLA)** has been conducted by selecting **Yes** or **No**. If **Yes**, specify the year it was completed.
- **Mode of Inspection Online under Regulation 376(FF): Yes** or **No**. If **"Yes"** the user will be prompted to download Form 19. After filling it out and scanning it, the user must upload the PDF copy.
- **Description of the boiler and its age:** The user selects the type of boiler from the dropdown menu.
- **Is Repair Required:** Indicate whether a repair is required by selecting either **"Yes"** or **"No"**.
